

## HAMILTON, THE INDUSTRIAL CENTRE OF CANADA, A GOOD CITY TO LIVE IN

### BRITISH-U. S. WAR IS UNTHINKABLE

London Papers Comment on Centenary of Peace Appeal for Funds.

Baden-Powell Wants Endowment of £250,000 for Boy Scouts.

(Times Special Cable.)  
London, Feb. 6.—The London morning papers heartily endorse the suggestions made at the meeting of the British War Council for the celebration of the centenary of peace, and hope that the British government will respond to the appeal for £250,000.  
The Times, in an editorial, says: "The Anglo-American relations fortunate"

ly stand in no need of artificial sustenance."  
Referring to Secretary Bryan's peace treaty, the Times says: "The fact that the United States has become unthinkably at war with that central and indispensable fact we might well rest content, especially as the late of more than one Anglo-American relations fortunate"

### G. T. R. WILL BUY FERGUSON PROPERTY

And Rent Houses to Present Owners.

Two Properties Still In Dispute.

John G. Gault, K.C., solicitor for the G. T. R., and George S. Kerr, K.C., solicitor for the residents of Ferguson avenue, were notified this morning by the officers of the railroad that the railroad would be deciding whether it would buy the Ferguson avenue property as the figures fixed by Judge Judd. Mr. Kerr, however, refused to take the property, and the railroad is now suing for the property. The railroad is now suing for the property. The railroad is now suing for the property.

### BREMNER IS DEAD

After Radium Fight Against Dread Cancer.

(By Times Special Wire.)  
Baltimore, Md., Feb. 5.—Robert Gunn Bremner, member of Congress from the Seventh New Jersey District, and editor of the *Pasadena Daily Herald*, died today of cancer, at a local sanitarium, where he had been undergoing radium treatment since last December. He had been suffering from the disease for four years.  
Mr. Bremner was 39 years old and married, but childless. He was born in Scotland, but went to Canada with his parents at an early age, settling at Orangeville, Ont. Twenty years ago Mr. Bremner came to New Jersey, and entered politics a few years later. He was a close friend of President Wilson.

### HON. GEORGE E.

Will Be a Speaker at Canadian Club Banquet.

The Canadian Club has received from Hon. Geo. E. Foster, Minister of Trade and Commerce, his acceptance of the club's invitation to deliver an address at the annual dinner to be held on the 24th inst. This will be the first public utterance of Mr. Foster since his tour as a member of the Imperial Trade Commission. J. W. Mahon, of Cobalt, president of the Canadian Club, Canadian Club, a Liberal speaker of much prominence, will be the first public utterance of Mr. Foster since his tour as a member of the Imperial Trade Commission. ### KEEP LAWYERS BACK

Witness Box In Court House Being Railed Off.

As a result of complaints registered by both Justices Kelly and Lennox at the recent sittings of the Supreme Court of Ontario, high court division, that lawyers approached too near the witness box in the court room, a railing is being installed today, three feet high and stretching from the court clerk's desk to the witness box, around the elevated platform of the witness box, and over the court stenographer table. The railing is being installed today, three feet high and stretching from the court clerk's desk to the witness box, around the elevated platform of the witness box, and over the court stenographer table.

### OWEN BILL BAD

Would Damage Stock Exchanges. Says Expert

(Times Special Wire.)  
Washington, Feb. 5.—F. C. VanAntwerp, Governor of the New York Stock Exchange, today told the Senate Finance committee that the Owen bill, which would give the government power to regulate stock exchanges, would do more harm than good, and that enforced liquidation would destroy the market.  
The bill would give the government power to regulate stock exchanges, would do more harm than good, and that enforced liquidation would destroy the market.

### REDUCED AGE LIMIT

Knights of Pythias Are Now Considering It.

At the annual convention of the Knights of Pythias Grand Lodge of Quebec, the proposed reduction in the age limit from 21 to 18 was favored. The various lodges throughout the Dominion are considering this question now. Several prominent K. of P. men of this city stated this morning that they were not in favor of reducing the age limit, however, at the annual convention of the Supreme Lodge, which will be held in Winnipeg in August. If a majority of the Grand Lodges do vote the age limit will be changed at the convention.

### MAY SAVE \$20,000

On Lamp to be Used By Hydro Department.

Will Work In Harmony With Board of Control.

An important announcement was made by Chairman Mills, of the Hydro Commission, this morning, in connection with the city's downtown lighting system. He had a long conference with Electrical Engineer Stinson and Mr. Stinson afterwards declared that negotiations had at once commenced with the Board of Control to decide on the style of the lamp for the central district.

### DAN CRAWFORD.

Celebrated missionary to speak in Centenary Church to-morrow.

### WATCH FOR RESULTS

Mrs. Belau, 142 Robinson street, lost her gold watch to-day.

### DIG COOKING MAIN

Pulled Off Near Waterdown Last Night.

Police of City and County Were Baffled.  
For the first time in a long while, a cooking main was pulled off in the vicinity of Hamilton, last night, when a number of Hamilton spurs, their number augmented by Buffalo spurs, gathered around a ring and watched the scrapers of the feathered family dig their spurs into one another. The county police and Inspector Beringhoff were on the war path, but could not find the scene of the battle, until after it was all over. It was yesterday afternoon that the county police were tipped that there was to be something doing, and they were given a wrong scent. Instead of the fight taking place in the east, they were pulled off near Waterdown, the spurs venturing forth from Dundas, where they congregated early in the evening. Sheriff Officer James Peare, went to Dundas to do a little sleuthing, but all sources of information had been successfully "botted," and he could not find out where the battle was being pulled. The case of the county constable was at the top of the case this morning, and in the possession of the name of a number of Hamilton young men, some of whom are of prominent families, who had been pulled off. Once again, Prosecutions will follow, if direct evidence can be gathered.

### WHO STOLE PAPER?

Councillor Collins Used a Wrong Initial.

And a City Paper Used it That Way.

Who stole the nomination papers of Councillor Herb Dickenson for the ward of Hamilton, today, by Councilman Collins and carefully placed away in his own desk, awaiting the exciting moment that he would find out. Councillor Collins announces that for some time he has been suspicious that a thief was being harbored. He has been suspicious that a thief was being harbored. He has been suspicious that a thief was being harbored.

### MR. JESSE COLLINGS.

M.P. for the Bordesley division of Birmingham, who has announced that he will retire from public life at the close of the present century.

### New Patent Pipe.

The Wellington pipe has a graduated bend in the stem, and deep well in the middle of the bend, and is made of iron, and is sold for 50 cents per foot.

### SIR GEO. ROSS WORSER

His Friends Are Alarmed at His Condition.

(By Times Special Wire.)  
Toronto, Feb. 3.—The condition of Sir George Ross is causing lively discussion, and they are not so certain of his recovery. He had a restless night, and lost much strength. Dr. Goble says he still entertains hopes for recovery, but says his patient has suffered a slight relapse. His age makes the fight a difficult one.

### IS ALL FINANCED

Debentures For Big Steamship Amalgamation.

Leading London Financiers Are the Sponsors.

Mr. J. P. Steedman gave out the information this morning that successful arrangements had been made for the financing of the great Canadian steamship amalgamation brought about some months ago. Announcement is made through the London, England, Daily Mail, that an important debenture issue is imminent in connection with a Canadian steamship combination. The new controlling company is given as Canada Steamship Lines, with authorized capital of \$25,000,000, and among its sponsors are Vickers, Limited; Furness, Withy, & Co.; Sir Vincent Gairdner; Brown, Shipley & Co.; and representatives of the Grand Trunk, Grand Trunk Pacific and Canadian Northern Railways.

### NEARLY \$80,000

County Councillors on the Reporters.

Suspicious of the City's Course, Too.

Once again were the newspaper reporters the victims of oratorical attacks, when this morning the county councillors went after the members of the fourth estate because the reports of the road superintendent and the county treasurer were published before the Council had given them consideration. There was much indignation. "Cunning connivers," "treacherous," "sneak," "sneak," and other endearments were hurled at the scribes, but probably the most ludicrous crack was made by one of the councillors, who rose to the defence of a local paper (get the Times?), that did not have the reports, and he referred to their representative as being "probably half asleep."

### TWO ACCIDENTS

Hydro Workman Injured—Hurt at Car Plant.

John Hutchinson, an employee of the Hydro Electric, is in the city hospital with this morning's head, sprained back and crushed feet. While his condition is serious it is not critical by any means, and this morning it was reported that though he had spent a restless night, suffering the greatest agony, he was doing some work on the road, when the Hydro truck struck him and he was injured.

### WERE SUCCESSFUL

Military Deputation Satisfied With Visit.

Mayor Allan, who returned this morning from Ottawa with the local military men who went there yesterday in an effort to secure money with which to extend and improve the old drill hall, believe that the Government will agree with about \$100,000 for the work. He urged this, in view of the present situation of the old drill hall, pointing out that it would improve the drill hall, and a new front new front put to it. If the money is received the old hall will be extended to the new hall, and a new front new front put to it.

### LANCOT-MACNAB

Montreal Editor Will Not Act in the Trouble.

(By Times Special Wire.)  
Quebec, Feb. 6.—The one-round bout between Hon. Charles Lancelot, Assistant Attorney-General, and Breton A. MacNab, editor of the *Montreal Daily Star*, last evening, after the session of the legislative committee on the subject of the press, accepted all the lightning here today. While legislators have been busy before, nearly every body regards the incident last evening.

### ESTIMATES BASED ON OLD RATE FOR LABOR

Increase to 25-Cent Minimum Would Add About \$40,000.

City Engineer Will Report on Officials Who Should Receive Increases.

On particular instructions from higher authorities, Engineer Maclellan and Secretary Brennan have been working for a possibility of increase in wages paid the city laborers. Last year the total amount spent by the city in general labor was over \$800,000. Some of this was for iron, and a portion was paid by the ratpayers, whose property

received some of the benefit of the local improvement work. This year the same estimates for 1914 are available, although the work to be done, according to the programme of Secretary Brennan, is equally as great. The officials of the Board of Works have just figured up the cost of the average wage paid a city laborer is 25 cents an hour, although

### Gossip of Wall Street

(Supplied by Evans & Gutz, 40 Hudson Street.)  
New York, Feb. 5.—To-day may be called irregular in the stock market, but on moderate reactions good buying will be seen on the third day of the week. There should be some buying opportunities to make purchases. Bids on the market appear to be coming out but little stock. The professional element is inclined to work for reactions. Speculative sentiment is the market, and we think they may be bought for turns in the industrial and foreign list, whenever there is a rally against presents later.

Low-priced railways are coming more into favor and should be bought and held where earnings are good.
